

THE COST

Every question taxes everyone.

167

Handbook pages

≈10

People reviewing

≈\$10K

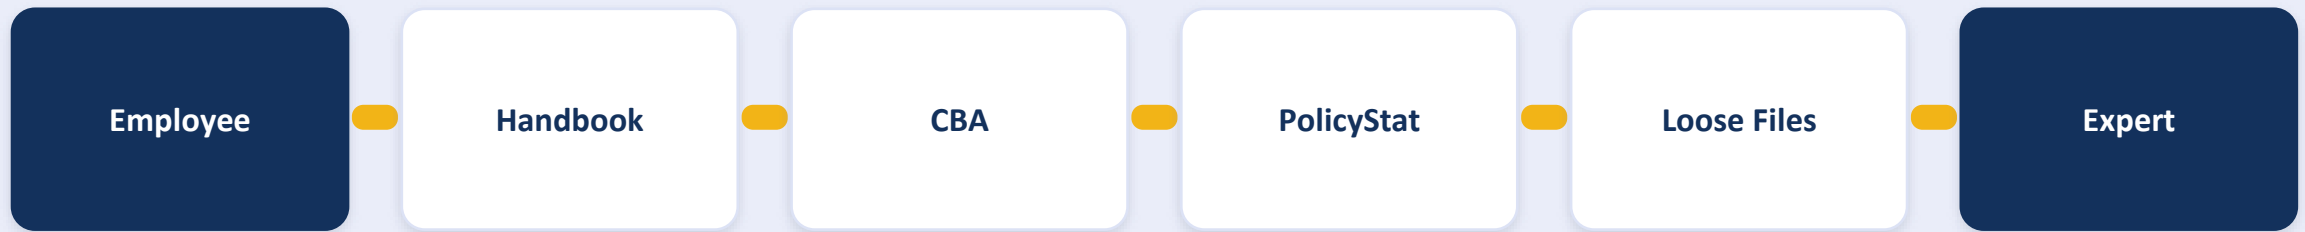

Manual review

Search delays · repeated questions · duplicate policy

THE PROBLEM

One question, six places.

A new hire asks: *“Does service credit count toward tenure?”*

Ctrl+F isn't a policy strategy.

Who feels this daily.

CSU BAKERSFIELD

Academic Affairs & Senate

- Faculty, deans, reviewers
- Academic Affairs staff
- AVP fields the questions

Policy scattered across sources

Answers need tribal knowledge

One expert hand-holds routine questions

Sources conflict, silently

Routine questions bottleneck one expert.

Policy Intelligence

Trusted answers. Safer decisions.

CSU Bakersfield · Hackathon 2026

One workspace. Two paths.

EMPLOYEE / FACULTY

Find trusted answers

- ✓ Ask plain-language questions
- ✓ Open cited sections
- ✓ Escalate real conflicts

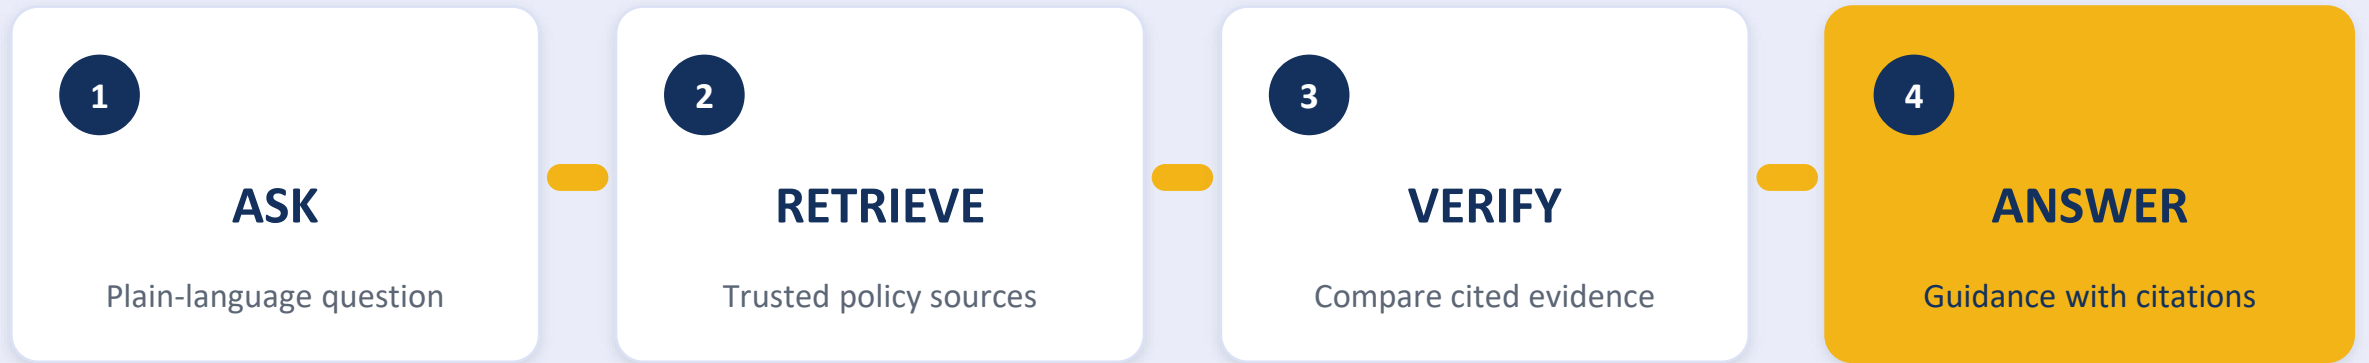

REVIEWER / WRITER

Review before publishing

- ✓ Check draft resolutions
- ✓ Detect existing coverage
- ✓ Govern trusted sources

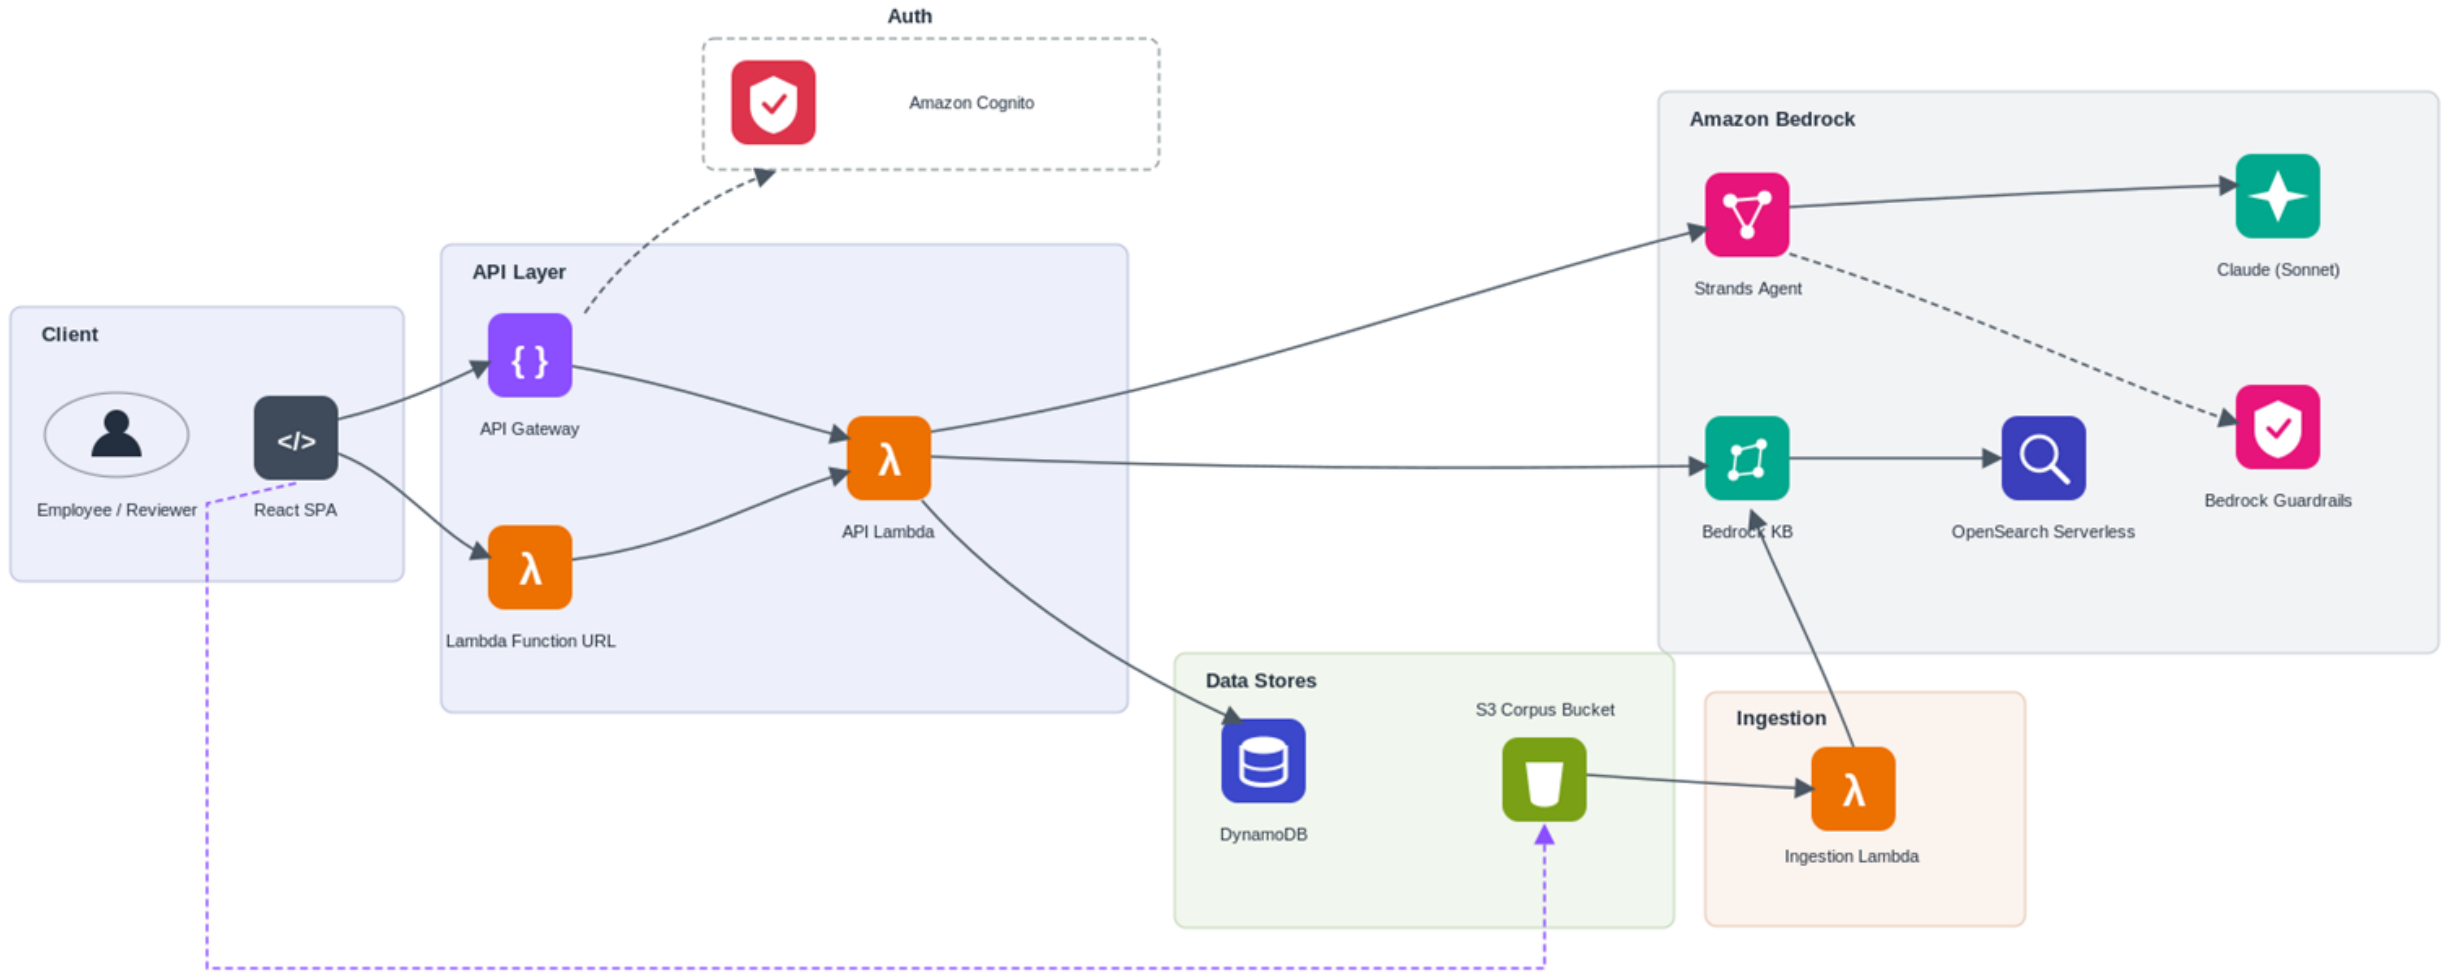

Now demo the app.

From question to evidence.

AI surfaces evidence. People decide.

Policy Intelligence Assistant — AWS Architecture

THE TEAM

The humans behind the agents.
