What Are The Problems?

Policies Are Scattered Across Hundreds of Files

People Have To Search For Every Policy Manually

Enormous Amounts Of Time Wasted

Two Amazing Tools.

AI Search / Chat Assistant

Ask a question and get an answer with the policies' source referenced.

Policy Tracker Dashboard

Manage policy tasks that need to be updated in an organized fashion.

Built for the Whole District.

Students & The Public

Look up grading, admissions, and financial-aid policies without digging through PDFs.

Faculty & Staff

Know which policies need an urgent update first.
