PROBLEM STATEMENT

Small businesses struggle to scale training

Slow & inconsistent

Manual content → uneven training

No training staff

No trainer → no structure

No visibility

No data → missed blockers

Our target: SMBs

Small businesses need structured training without hiring a dedicated training or development team

SOLUTION OVERVIEW

Meet Panther AI Trainer

An AI training buddy that builds modules from your own content and gives managers full visibility

Turns content into modules

CONTENT → MODULE

Guides learners step by step

LEARN → PRACTICE → FEEDBACK

Shows who needs help

PROGRESS → SUPPORT

Faculty Onboarding, reimagined.

A conversational AI guide that walks Hartnell College instructors through Canvas — module by module, step by step.

-  Upload docs & videos — AI builds the modules
-  Sequential, stage-gated learning path
-  Flashcards, quizzes, matching widgets
-  Live progress tracking & escalation alerts
-  Panther AI assistant on every step
